

Managed Invoice Review

Ensure compliance with billing guidelines, reduce the time spent reviewing bills, and improve your relationship with outside counsel.

Get More Out of Your Invoice Review

- Decrease time spent by internal lawyers and legal operations staff to process and review invoices, including questions and appeals
- Eliminate block billing, vague billing, and incorrect or imprecise coding not in compliance with Outside Counsel Guidelines (OCG)
- Apply a consistent 7-point methodology to provide outside law firms clarity around billing preferences
- Align with your existing eBilling systems to preserve investment and provide increased ROI

7-Point Methodology

1	2	3	4	5	6	7
Invoice format and timeliness	Approved and non-approved charges	Rates and staffing compliance	Feasibility of charges	Alignment to accruals, budgets and alternative fee arrangements	Billing accuracy and quality	Payment and vendor information verification

Why choose Elevate for Managed Invoice Review?

- Extensive experience reviewing invoices, from routine to complex, high-value matters
- Invoice review support across four continents
- Only provider to combine expert human review with AI
- Proprietary analytics and reporting software to monitor and manage legal spend

Take the Challenge

Debating the value of implementing invoice review?

Send us a set of invoices and we will prepare a customised insight report for you to understand whether an invoice review program is right for you – at no charge.
